```

Task 4

Successfully replace 'teh' with 'the'

File draft.txt before code execution

```
≡ draft.txt
1  hello world
2  C++ is teh most popular programming language.
```

File draft.txt after code execution

```
≡ draft.txt
1  hello world
2  C++ is the most popular programming language.
```

Task 5:

File report.txt

```
≡ report.txt
1  Total Characters:431
2  Total Words:55
3  Total Lines:3
4  No of Punctuation Marks:10
5
```

File article.txt

```
≡ article.txt
1  Consequently, the board has approved the budgetary adjustments, effective immediately, to ensure the successful launch of the Q3 initiatives.
2  Furthermore, we must prioritize the following key objectives: enhancing client services, streamlining operational workflows, and reducing overhead costs by 15 percent.
3  Please review the attached documentation-prepared by the analytics department-prior to our scheduled meeting on Friday.
```
